## The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,  
Where you put your eyes,  
That's about the size of it.

It's all in how you frame your picture. The closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

### What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

### How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

### Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few

hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

### **Changing The Picture**

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe to fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

### **Pieces Of The Puzzle**

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

## **Your Personal Lunar Return**

### **Your Lunar Return Chart This Month**

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle. So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

### **Daily Events**

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

### **Personal Void-of-Course Moon**

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time

every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times. If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

## Lunar Return: Oct 20, 2007

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

### Sun

Getting beneath the surface will be the key issue this cycle, so don't be afraid to be a sleuth. What you uncover about your inner self as well as what may be going on behind your back can make the difference between success or setbacks. Cultivate the ability to recognize and understand the more troublesome aspects of yourself and those you deal with and you will come to better know the difference between constructive criticism and intentional injury. Keep your antennae up and don't be afraid to act on what you pick up, but only after due thought about its consequences. This is a time to move with care, steady your footsteps, look for potholes in the road of life and repair them. Your best efforts will be done out of the limelight.

*Sun in Twelfth House*

You can make your point forcefully this month and push your agenda through if you are circumspect about it. The trick will be to get others to think they are the driving wheels, when in fact you are. This by itself will be a transformative process that translates raw power into deep persuasion, coercion into cooperative enlightenment. When you identify what absolutely must be done, disciples will pick up the ball and carry it for you in the total belief that nothing out of the ordinary is going on. Throughout, you will get your way by spurring people on, not by rolling over them. A enthusiastic avalanche will follow from a well-directed downhill snowball. Roll it, then stand back...

*Sun Sextile Pluto*

### Moon

You may find your feeling to be somewhat scattered this lunar month, as multiple issues catch your eye and pull you in to tend to them. Don't feel you have to be rooted to any one

channel of operation, but play the field so you can get a good sense of what's going on. It's a good time for putting your finger on your emotions by turning them into words, even setting them down on paper, so you can stand back and take a second look. You'll find that there are many ways to approach a challenge, but one feels more right than all the others. That's the one to go with, but keep the other arrows in your quiver. Your ability to shift with rapid developments will be a key talent, so stay loose.

*Moon in Third House*

### **Ascendant**

You may never find out exactly what this month was about, because it is characterized by forcefulness and deeply hidden agendas that elude exposure. You can get your way by sheer might, but one power play will evoke another, so patience is the better path. Profound change is underway, but not on the surface, so retreat and avoidance may be the recommended strategy until the change is over. What you can't overcome, don't try to. Back off and it will move on by itself. The essence of transformation is not to fight it, but allow it to happen. If the best you can hope for is a Pyrrhic victory, sound retreat with honor. Eschew sacrifice, conserve resources, await change.

*Ascendant in Scorpio*

You will find your most inventive moments this month come when you just lay back and let the Muse in. Don't work on it, play with it. Don't try to nail down the details, pick up on the essence of the whole shebang. No matter how odd it might seem at other times, your most independent and original approach will sell without having to sell it. When you are acting as a conduit for the light, the light shines brightest and clearest. Keep an independent eye on the process, however, so you can remember what you did right and can develop it more later. You have the ability to ease the way for others who would otherwise have a rocky time of it. Break the rocks into gravel, and you have a solid road.

*Uranus Trine Ascendant*

It may be harder than usual to make yourself perfectly clear this month, as what you see is not what you get, and what you say may be totally misread. Attempts to clarify are likely to make things worse, so when in doubt, try another tack entirely rather than reexplain until the cows come home. This may be because you don't look like what someone expected, or because you're not clear as to how to really express what your bottom line is. Chemical solutions don't help - in fact, they just confuse things more, unless you just decide to put it all off and party. Still, there's the hangover to consider, literally or figuratively. Time will soon enough put you back into focus.

*Neptune Square Ascendant*

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and

gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

### **Mercury**

What you say may get you in trouble, so don't lead off with the first thing that comes to mind. Put your mind in gear, then your mouth. Behind the scenes efforts are favored, so you may want to keep your ideas under wrap until they can get a proper hearing. Personal insight is especially available if you are willing to put some of your hidden feelings into words and bring them into daylight. A few well-chosen words can cure inner and outer disputes as you come to better understand them. Formless fears turn to dust when you root them out and show them the light of day. Run silent, run deep - then, when you surface, take a deep breath of air.

*Mercury in Twelfth House*

### **Mercury Retrograde**

Three times each year Mercury goes retrograde for three weeks, impacting on one or two of your Lunar Returns. The period during which it is retrograde (Oct 11, 2007 to Nov 1, 2007) marks a background that affects everyone in a similar way and is not to be ignored. It's a period of some confusion, when messages and meanings go awry and the best laid plans discover something was left out or needs correction. Therefore, it is a great time for finishing things, putting on the last touches, editing the final project, as you'll pick up mistakes you might have otherwise missed. Conversely, it is less than ideal for beginning anything having to do with communications, as you may build in errors without meaning to and have to spend time reworking it after it is launched.

Carefully laid and implemented plans can grow to maturity now, as long as you take the time to see it's done right. Stepwise is the rule, but you can pick up every stitch more easily than you thought as the result of double-checking and sharing responsibility with others. The image of a well-oiled machine comes to mind, a mill that grinds slowly, but exceeding small. And exceeding well. Quality control projects go well now, as do mapping and measuring. Keeping the speed limit is a boon when the lights are timed, so everything goes like clockwork. Meticulous engineering marks the fine driving machine - drive on...

*Mercury Sextile Saturn*

### **Venus**

People are saying good things about you, better find out what. This is a particularly good time to get as much mileage out of your reputation as possible, as the buzz about you is favorable, people are seeing you through rose-colored glasses. This may not be your fifteen minutes of fame, but it could feel like it, so treat it like gravy and make the best of it. Career moves are definitely favored - just don't let it go to your head and try to push it too far. Your best sales image is not aggressive but generous, inclusive, and compassionate. Honey, not vinegar, does the trick. The real trick, however, is to deliver on expectations when the dealing's done. Modesty, with honesty, is the best policy.

*Venus in Tenth House*

This is a very good time to get what you want and want what you get without having to

struggle too hard for either. Desire and willingness go hand in hand as long as you take a gentle approach and give partners plenty of room to be equal participants. Use a slow and easy hand and you'll get plenty of strokes in return. It's a better time to show mutual appreciation through expected actions rather than bold moves, flowers or candy work better than something original and outrageous. Love through friendship is favored over passion through conflict. Love after a romantic dinner beats sex after a fight, which is not always the case, but is now. Don't push, let it happen of itself.

*Venus Sextile Mars*

Doing more with less can be a theme now, offering lessons that will increase what you get later by learning to harbor your assets better. The essence of the situation is not usually real want, but spare resources compared to the needs of the job at hand. You could be short a nickel or a million, and the principle is the same: make what you've got go further. In another sense, it means you can't always get what you want, so learn to make do and make it better, whether it's economic or personal needs that are concerned. This has the effect of intensifying desire through delayed gratification, so when it finally arrives, you savor it all the more.

*Venus Conjunction Saturn*

## **Mars**

Old issues may come back to haunt you this period, and you will likely dispatch them with vigor. Don't be impetuous, however, as you want to keep the tried and true, even if you've moved on to new territory. Old habits die hard, so don't kill them unless you have to. Watch you acquire, and you won't have to dispose of it. Keep a close eye on spending and particularly take care to have your payments in on time or your credit rating could take a hit. Conversely, if you're square with that department, this is a great time to pursue loans, credit, and investments from others. Don't tax your resources when you can let others bear the load.

*Mars in Eighth House*

This month will run entirely according to plan - if, of course, you had a plan. Energy is best channeled through pre-existing routes rather than trying to break new ground, and if everything is in its place, all will go smoothly and require little or no monitoring. This is not an ideal time to fly solo, but rather to have assistance from others to make sure that things run on schedule and you're not the only one trying to police the situation. Once everything is in place, you can lock up and leave without worry of something going awry, but just make sure everything is really nailed down before you do. There is such a thing as pleasantly boring, and now you can experience it first-hand. Enjoy.

*Mars Sextile Saturn*

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner

planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

### **Jupiter**

You will likely have the urge to spend, and if things go as expected, you'll have what's necessary to do just that. Income and acquisition in general could be a major theme, though it will be easy to go overboard, so keep track of your cash flow so that it remains in your favor. Given the choice, favor the larger item, the single big purchase, over many small ones which more easily mount up. All your eggs in one basket is the natural inclination, along with quality over quantity. Go for what will remain with you and appreciate in value so this energy will not be squandered and you'll have it to draw upon later when you may less afford to be so generous with yourself.

*Jupiter in Second House*

Attempts to leapfrog from idea into execution may be at sixes and sevens for a while, but it's not your problem alone, it's in the air. Troubleshooting and debugging are necessary parts of life's progress, and like everything else, it all happens at once. This makes this not such a good time for leaping into new worlds when the old one still hasn't gotten its act together. Until you're clear about now and know you're on firmer ground, seek out the glitches, the overlooked pieces of the puzzle, the stuff that glues it all together into one working whole, whether that be a marriage or a merger.

*Jupiter Square Uranus*

A more realistic and satisfying way to blend dreams, hopes, and expectations by sharing is in the wind, if you are willing to take a deep breath. Actually, a series of shallow breaths describes it better. What once you may have kept to yourself, it is time to exchange with others who have been in the same situation. Fortunately, the air is very conducive to doing just that, and what might have been hard to say before comes more easily with the knowledge that it is a two-way street of mutual trust and reward. You may find this critical to your happiness, or you may just find yourself in a general situation where it helps others and it's the best thing to do to go along. Either way, you win.

*Jupiter Sextile Neptune*

### **Saturn**

This is a better time for consolidating your career position than for expanding it. Careful response to criticism will go a long way to help you overcome errors and gain the trust and respect you need to make the next step. So, if people are making you the subject of the current buzz, that's a good thing. If they are, find out immediately what they're saying, as it may need to be corrected. Expect to be underestimated this lunar month and use that to surprise people when they find out how good you really are. People are only disappointed by expecting too much, so keep a low profile and then when it's time, deliver the goods double. You'll have more than double the desired effect.

*Saturn in Tenth House*

For a couple of months it might be wise to be wary of unintended or unwanted snares that can bog you down. That means test the ice before you step on it, put your toe in the water before

you dive, listen to the weather forecast before you take a trip. You may do well to chalk up delays and side trips to something you did in another life and get on with things. Still, you can be aware that juicy morsels of bait may have hooks in them and silver linings have a clouds inside them, and thus absent yourself from involvement wherever it is suspect. Common sense will spare you when cleverness cannot. You can't escape a little drudgery, but you don't have to deliberately walk under ladders.

*Saturn Opposition Node*

## **Uranus**

Try not to stray too far from home, because you may suddenly be called back there to tend to a new situation that has unexpectedly arisen. On the physical side, check your smoke alarms, burglar alarms, lightning rods, and other safety systems so the shocks you get won't be catastrophic - then sit back and see what happens. It's bound to surprise you. On the personal side, you may find yourself in receipt of sudden epiphanies concerning the very stuff you're made of, visionary insight about what provides your stability in life. These may disappear as quickly as they came, so keep a pad and pencil handy to jot down what arrives for use later. Those "aha!" moments slip away too easily unless you tie them down.

*Uranus in Fourth House*

## **Neptune**

If you get a lot of wrong numbers for a while, don't let it bother you. It's just fogged-out people who keep missing the buttons, of which you may be one. It's a great time to brainstorm with your buddies, "what if" being the central theme. Just don't insist on specifics, but let your mind run free and nail down details later, if your inventive solutions ultimately lend themselves to it. Better living through chemistry may help fuel it all, but remember to separate pipe dreams from hard plumbing in the end, for smoke rings and currents in a glass can lead you astray as well as inspire. Write down good ideas, as they will tend to escape you, and some of them could be the start of something really new and important.

*Neptune in Third House*

## **Pluto**

You may find money issues to form something of a battleground, and your use of them will give you a competitive edge. This does not mean you should use your financial clout, such as it is, as a bludgeon - rather, by supporting the cause you feel strongly about, you use your advantage for the general good. Similarly, expect forced plays in this area and be ready to pay your own way if challenged. This can transform your view of how you can use your possessions, but take care to avoid short-sightedness in procuring what you want at the expense of others. Temporary triumphs can come back to haunt you, and gracious generosity will be paid back manyfold, if you are ready to compromise.

*Pluto in Second House*

You should be relatively free from the slings and arrows this month, though should your reputation be challenged you will toss it off your back with ease. The essence of this ride is being supremely confident that the work you have done, the accomplishments you have made, and the people associated with you in your efforts are unassailable and will come through any gale

unscathed. The very fact you feel this way and show it will in itself ward off provocation, though you should by no means use this as an opportunity to slough off. Rather, use your position as a platform on which to build more of the same, utilizing the support already in place for leverage.

*Pluto Trine Midheaven*

### **Node**

Responsibilities at home may take up more time than usual this week, so set some time aside. Also, parse your schedule so that you don't take on too much because of the extra duty and that you don't wind up handling more errands and odd jobs than you meant to. Nevertheless, you may find that while your attention is turned inward, nice surprises may be coming your way on the professional front, as your reputation gets a boost, perhaps from something you'd done long ago but had forgotten about. If someone offers you a free ride, by all means take it and don't be modest, because you will deserve the extra attention and weight taken off your back. Collect your rewards.

*Node in Fourth House*

## **Featured Planets**

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

### **Pluto Highlighted by Sun**

Your ability to seize control of the moment or wrest it from someone else can become a focus for the month, but should it be so it will be remembered so. So, watch your step and don't step on anyone you don't mean to. The greatest force is the threat of force unused, and the most successful army never has to fire a shot in anger. Similarly, the greatest resistance is disappearance, so don't tangle head to head in a win-lose confrontation, melt away to play next day. How you handle intransigent challenges and blockages right now can establish precedents for the future and habits that you will follow and others will expect. Don't deform, transform. Reform, don't conform.

## Daily Events: Oct 20, 2007

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

20° Aquarius: *A large white dove circles about and about overhead and then descends and proves to be a carrier with a message. CELEBRITY*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *nerves, obsession, holidays, sympathy, intuition*

**Sun Oct 21, 2007**      **Moon in Aquarius** (Enters Pisces at 03:03 pm)  
04:38 am              **Moon Enters Return's 4th House**

25° Aquarius: *A butterfly struggles to emerge from the chrysalis, and it seems that the right wing is more perfectly formed. CHOICE*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your

house in order.

Issues and Accents: *basement, fixtures, apartment, dinner, necessities*

08:00 am           **Moon Void (Personal)   Ends: 03:03 pm**

11:37 am           **Moon Void   Ends: 03:03 pm**

10:16 pm           **Moon Conjunct Return's Moon's Node**

5° Pisces: *Through the spacious grounds of the church are strung Japanese lanterns for a bazaar of merry hearts and faces. COMMERCE*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

**Mon Oct 22, 2007   Moon in Pisces**

02:22 am           **Moon Enters Natal 6th House**

7° Pisces: *Over the strewn and irregular masses of stone at the shore is low-lying fog, but on one clear rock a cross rests. TESTIMONY*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *accountants, unemployment, worries, clients, jobs*

05:06 pm           **Moon Conjunct Return's Uranus**

16° Pisces: *In the sacred quiet and afternoon hall-lights of the museum, a young art student drinks in pure inspiration. INEXHAUSTIBILITY*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

**Tue Oct 23, 2007   Moon in Pisces (Enters Aries at 05:25 pm)**

09:26 am           **Moon Void (Personal)   Ends: 05:25 pm**

11:32 am           **Moon Enters Return's 5th House**

27° Pisces: *The harvest moon rises superbly in the east, and the light of day is shamed by the colors of an autumnal evening. OCCULTATION*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire

the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

12:18 pm           **Moon Void   Ends: 05:25 pm**

10:54 pm           **Moon Enters Natal 7th House**

4° Aries: *Two lovers are strolling through a secluded walk. ENJOYMENT*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *tolerance, visitors, estrangement, opposition, meetings*

**Wed Oct 24, 2007   Moon in Aries**

**Thu Oct 25, 2007   Moon in Aries** (Enters Taurus at 05:08 pm)

07:35 am           **Moon Enters Return's 6th House**

24° Aries: *An open window of an old-fashioned room is seen, the net curtain blowing inward into the shape of a cornucopia. PROTECTION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *appliances, nutrition, discipline, dinner, employment*

10:48 am           **Moon Void (Personal)   Ends: 05:08 pm**

01:47 pm           **Moon Void   Ends: 05:08 pm**

06:08 pm           **Moon Enters Natal 8th House**

1° Taurus: *A clear mountain stream flows steadily through a rocky defile. RESOURCEFULNESS*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *loyalty, threats, possessions, gifts, retrospection*

08:53 pm           **Full Moon**

3° Taurus: *A beautiful expanse shows natural steps leading upward to a lawn of clover in*

*full bloom. HOPEFULNESS*

**Full Moon in Natal 8th House**

If you've been chasing down that extra credit line, looking for a better deal on a mortgage or equity loan, this is a likely time to pull it all together, as long as you've got all your ducks in a row. That may mean scrambling for some last minute details or information to make it under a deadline, but there's real potential here. It's also good psychic weather for putting the finishing touches on restoration projects, picking up that antique you've been chasing down, and clearing out the cobwebs that may have been settling on lesser-used items. You'll have the courage to toss out those useless things you've been hoarding, and the burst of freedom will do you good. The theme: finish clearing the decks for action.

**Full Moon in Return 6th House**

Schemes and schedules you may have set in motion at work are likely to be tested and found either successful or consigned to the scrap heap. The former brings praise, and fortunately the latter will soon be forgotten. This is also a good time to take a close look at what you're eating and what kind of exercise you've been getting. Maybe too much of one and not the best of the other - or, maybe it's all coming together as planned. At any rate, this will be the time to declare it worthy or chuck it and try a new approach. A great time to make an assault upon and weed out destructive habits, recurring annoyances, bad scheduling and streamline your life.

Issues and Accents: *endings, gifts, retrospection, debt, harm*

**Fri Oct 26, 2007 Moon in Taurus**

07:43 pm **Moon Enters Return's 7th House**

17° Taurus: *An imaginative battle is under way between swords, the disciples of might, and torches, the disciples of enlightenment. RESOLVE*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *arbitration, harmony, handshakes, settlements, contracts*

11:17 pm **Moon Void Ends: Oct 27, 2007 04:12 pm**

**Sat Oct 27, 2007 Moon in Taurus (Enters Gemini at 04:12 pm)**

08:29 am **Moon Void (Personal) Ends: 04:12 pm**

06:04 pm **Moon Enters Natal 9th House**

2° Gemini: *A nervous gentleman dressed in an elaborate Santa Claus costume is filling Christmas stockings furtively. BENEFICENCE*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens

the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *abundance, reverence, learning, religion, omissions*

**Sun Oct 28, 2007 Moon in Gemini**

06:42 pm **Moon Enters Return's 8th House**

17° Gemini: *The head of a handsome youthful athlete slowly changes into a different type of beauty, the mature thinker. FUNCTION*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *repayment, infidelity, decay, debts, trust*

**Mon Oct 29, 2007 Moon in Gemini (Enters Cancer at 04:50 pm)**

10:07 am **Moon Void (Personal) Ends: 04:50 pm**

11:51 am **Moon Void Ends: 04:50 pm**

11:03 pm **Moon Enters Natal 10th House**

4° Cancer: *In an imaginative tableau, a hungry cat is seen arguing earnestly with the mouse who is to be her victim. JUSTIFICATION*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *experience, glory, business, gains, landlords*

**Tue Oct 30, 2007 Moon in Cancer**

06:51 am **Moon Conjunct Return's Mars**

9° Cancer: *A little miss, innocently devoid of any suggestion of clothing, leans over to catch a goldfish in a sparkling pond. PROVOCATION*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *rashness, impetuosity, strength, threats, aggression*

**Wed Oct 31, 2007 Moon in Cancer** (Enters Leo at 08:48 pm)

02:07 am **Moon Enters Return's 9th House**

20° Cancer: *During the celebration of some fete, the canals of Venice are crowded; in a gondola are serenaders merry-making. SENTIMENT*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *ceremonies, enlightenment, inflation, fair play, guidance*

09:13 am **Moon Void Ends: 08:48 pm**

11:26 am **Moon Conjunct Natal Moon's Node**

25° Cancer: *A leader of men erect and fearless suddenly finds thrown across his right shoulder an invisible mantle of power. ENLISTMENT*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

01:35 pm **Moon Void (Personal) Ends: 08:48 pm**

**Thu Nov 1, 2007 Moon in Leo**

08:04 am **Moon Enters Natal 11th House**

7° Leo: *The night heavens are seen in their wonder as on the desert when the moon is dark; the constellations are at play. UNIVERSALITY*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *manipulation, choices, celebrations, defiance, imagination*

**Fri Nov 2, 2007 Moon in Leo**

05:23 pm **Moon Enters Return's 10th House**

25° Leo: *A solitary camel crosses the desert with his rider; he is indifferent to the hazards of storm and lack of suppliers. ADEQUACY*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin

doctor is more valuable than an M.D.

Issues and Accents: *parents, status, determination, precautions, enforcement*

09:00 pm **Moon Void (Personal) Ends: Nov 03, 2007 04:45 am**

11:14 pm **Moon Void Ends: Nov 03, 2007 04:45 am**

**Sat Nov 3, 2007 Moon in Leo** (Enters Virgo at 04:45 am)

03:21 pm **Moon Conjunct Return's Saturn**

6° Virgo: *Children's voices and the smiles of elders--it is a merry-go-round with blatant music and unrestrained joyousness. DIVERSION*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *deprivation, cold, clothing, habits, comparison*

05:27 pm **Moon Enters Natal 12th House**

7° Virgo: *The women's quarters of an Oriental palace are revealed; here are the bright and unafraid eyes of cloistered souls. SELECTION*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *solitude, fear, hiding, sympathy, self-analysis*

**Sun Nov 4, 2007 Moon in Virgo**

01:26 am **Moon Conjunct Return's Venus**

11° Virgo: *A beautiful boy is revealed; he is all boy in every way, but in him lives too the idealization of a wise mother. CONSUMMATION*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *valuables, alliances, patience, friction, grace*

**Mon Nov 5, 2007 Moon in Virgo** (Enters Libra at 03:47 pm)

02:23 am **Moon Conjunct Natal Mars**

24° Virgo: *A large book for children is open at a colored page; here Mary with her*

*yellow curls leads an immaculate white lamb. PICTURE*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *teasing, belligerence, urgency, anger, stealing*

06:02 am           **Moon Void (Personal)   Ends: 03:47 pm**

08:35 am           **Moon Enters Return's 11th House**

27° Virgo: *In the luxurious quarters of a home furnished in delicate period style, elderly ladies are enjoying afternoon tea. PRESTIGE*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *hold outs, committees, emotion, anticipation, suspicion*

10:11 am           **Moon Void   Ends: 03:47 pm**

10:34 pm           **Moon Enters Natal 1st House**

4° Libra: *A group of students of higher truth in summer conference are seated about a campfire in unconscious meditation. MELLOWNESS*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *power, altruism, purpose, self-discovery, exceptions*

**Tue Nov 6, 2007   Moon in Libra**

**Wed Nov 7, 2007   Moon in Libra**

06:36 am           **Moon Conjunct Natal Saturn**

20° Libra: *In a tiny room ridiculously cluttered with manuscripts and books, sits a Jewish rabbi at ease with self and world. BACKGROUND*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *blockages, obstacles, covetousness, loneliness, patience*

04:00 pm           **Moon Enters Return's 12th House**

24° Libra: *A marvelously colored and figured butterfly is spread before the eyes; on its left side is an extra third wing. SPECTACLE*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *surrender, concern, plots, intuition, deception*

08:08 pm           **Moon Void (Personal)   Ends: Nov 08, 2007 04:19 am**

08:08 pm           **Moon Conjunct Natal Pluto**

26° Libra: *In an allegorical representation, an eagle and a large white dove are revealed constantly changing into each other. BALANCE*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *renewal, sex, salvage, healing, garbage*

09:58 pm           **Moon Conjunct Return's Sun**

27° Libra: *Like a great soaring bird, a single brilliant spot in a bright sky, an airplane far overhead sails about calmly. SUPERIORITY*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *fire, supremacy, illumination, employment, foremen*

10:46 pm           **Moon Void   Ends: Nov 08, 2007 04:19 am**

**Thu Nov 8, 2007   Moon in Libra** (Enters Scorpio at 04:19 am)

05:37 am           **Moon Enters Natal 2nd House**

1° Scorpio: *A sight-seeing bus is threading its way through crowded city traffic; its occupants eagerly view the sights. INTERCOURSE*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be

hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *profit, isolation, relief, temptation, expenses*

06:22 am           **Moon Conjunct Natal Jupiter**

2° Scorpio: *What has been a handsome and valuable bottle lies broken and forgotten; a track of living perfume leads from it. ABSOLUTION*

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *faith, affluence, furniture, judiciousness, prevarication*

12:55 pm           **Moon Conjunct Return's Mercury**

5° Scorpio: *A massive rocky shore presents its unchanging face of the centuries to the furies and coaxing calms of the sea. INDISSOLUBILITY*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *reactions, jokes, facts, memory, cameras*

**Fri Nov 9, 2007    Moon in Scorpio**

02:42 pm           **Moon Enters Return's 1st House**

17° Scorpio: *A woman is great with child; the remarkable thing is that she was impregnated by her own spirit or aspiration. NUCLEATION*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *authority, freedom, disillusionment, fame, self-sacrifice*

03:04 pm           **New Moon**

18° Scorpio: *A winding quiet road, carpeted by falling leaves, leads through an old-fashioned woods rich in autumn coloring. FULFILLMENT*

**New Moon in Natal 2nd House**

For a day or so you may be under particular pressure to underwrite new projects or finance situations that require sinking money into. It may seem quite urgent, but it's a

time when everything seems a bit more intense, so you may do well to stand back and take a second look before jumping in with both feet. Wise investments made at this time can bring good returns in the next couple of weeks, but ill-conceived spending could drain you in the same time period. Know you're right, then go ahead one way or the other, as the one option you probably won't have is sitting on the fence and putting it all off until later. Strike when the iron is hot or pass the opportunity on to another.

### **New Moon in Return 1st House**

A brief period when this month's personal issues come into focus is underway, especially where you can be tagged as an initiator. You have the option of establishing your personal picture for the period by asserting yourself at this time, and you can expect involvements you throw yourself into right now to come to at least a temporary head in about two weeks. You'll be best off by keeping your head about you when others are losing theirs, but don't feel you can't get out of what you've done now, as it will be a new ball game next month. Nevertheless, if you want the spotlight, it can be yours for the moment, but be ready to pass on the baton when it's time.

Issues and Accents: *durability, work, values, inhibitions, altruism*

07:20 pm      **Moon Void    Ends: Nov 10, 2007 04:59 pm**

**Sat Nov 10, 2007    Moon in Scorpio** (Enters Sagittarius at 04:59 pm)

07:08 am      **Moon Void (Personal)    Ends: 04:59 pm**

06:58 pm      **Moon Conjunct Natal Uranus**

1° Sagittarius: *A group of elderly men in uniform, eyes bright with reminiscence, is gathered at a G.A.R. campfire. REUNION*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *potentials, regeneration, haste, dismissal, insight*

07:22 pm      **Moon Enters Natal 3rd House**

2° Sagittarius: *A quick wind is making sport with the sea; through sharp mist as far as sight reaches, are scurrying whitecaps. ORNAMENT*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *industriousness, speech, traffic, versatility, conversations*

**Sun Nov 11, 2007    Moon in Sagittarius**

03:55 am      **Moon Conjunct Natal Mercury**

6° Sagittarius: *There is a great display of colorful coming and going in a large concourse of people; it is a cricket game. NICETY*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *versatility, nerves, cousins, changes, effectiveness*

01:11 pm           **Moon Conjunct Natal Sun**

11° Sagittarius: *An ugly old human figure is the carved representation of a god; near the left side is an ever-burning lamp. NOBILITY*

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *drama, prestige, generosity, boasting, protocol*

**Mon Nov 12, 2007    Moon in Sagittarius**

02:14 am           **Moon Enters Return's 2nd House**

17° Sagittarius: *An Easter sunrise service is about to begin at the suggestion of dawn; darkness surrenders to the worshippers. CHASTITY*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *enticement, deposits, property, sleep, income*

04:04 am           **Moon Conjunct Return's Jupiter**

18° Sagittarius: *Little children are playing on the sultry beach, but each is protected from the glare by a tiny sunbonnet. DISCRETION*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *politeness, public relations, management, self-sufficiency, law*

05:11 pm           **Moon Conjunct Natal Neptune**

25° Sagittarius: *A chubby little rich boy rides on a hobby horse of bright colors and wishes for hazards he may never know. SAFETY*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *photography, character defects, procrastination, flexibility, vision*

09:01 pm           **Moon Void (Personal)    Ends: Nov 13, 2007 05:01 am**

10:39 pm           **Moon Conjunction Return's Pluto**

27° Sagittarius: *A sculptor is at work in his studio, and under his skilled hands, a lovely form slowly and surely takes shape. DELINEATION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *sexual power, beginnings, regeneration, mysteries, plants*

11:54 pm           **Moon Void    Ends: Nov 13, 2007 05:01 am**

**Tue Nov 13, 2007    Moon in Sagittarius** (Enters Capricorn at 05:01 am)

12:22 pm           **Moon Enters Natal 4th House**

4° Capricorn: *A group of merrymakers is embarking in a large canoe on the magic little lantern-lit lake at the resort. EXPLOITATION*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *lodging, intimacy, living space, self-defense, life-style*

**Wed Nov 14, 2007    Moon in Capricorn**

07:15 pm           **Moon Enters Return's 3rd House**

20° Capricorn: *There is no service in the church, but rising full and clear come the voices of a hidden choir in rehearsal. MELODY*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty,

things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *learning, fingers, nephews and nieces, replacement, thinking*

**Thu Nov 15, 2007 Moon in Capricorn** (Enters Aquarius at 03:31 pm)

01:20 am **Moon Void Ends: 03:31 pm**

05:28 am **Moon Conjunct Moon's South Node**

25° Capricorn: *The little boys are welcomed to the store of the genial Oriental rug dealer for rare fun in piled softness. ENRICHMENT*

06:08 am **Moon Conjunct Natal Venus**

26° Capricorn: *In a little glade never trod by the foot of man and in the mist of a waterfall, dances a carefree water sprite. EFFERVESCENCE*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *escapades, extravagance, partners, happiness, decoration*

07:46 am **Moon Void (Personal) Ends: 03:31 pm**

**Fri Nov 16, 2007 Moon in Aquarius**

03:18 am **Moon Enters Natal 5th House**

7° Aquarius: *In a phantasy presented by the children of an exclusive school, a huge egg cracks to reveal a cherubic miss. DIRECTNESS*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *sex, celebrations, arrogance, diversions, optimism*
